Plan ahead and choose the best option to ensure serviceability.

LONG LIFE SERVICE CONTRACT (LLS)

For products covered by an LLS contract, we ensure system availability. There is no requirement for machine downtime. Guaranteeing:

- ▶ Repair material
- ▶ Repair equipment and competence
- ▶ Technical support

PRODUCT OVERHAUL REMAN+

This is a preventive measure for machines with an increasing failure rate of equipment, machines at critical bottlenecks or machines with high downtime cost in the event of equipment failure.

- ▶ Technically brought back to a “good as new” condition by replacing all wearing parts
- ▶ Standard warranty of 2 years (extendable to 5 years)
- ▶ Includes service prolongation Long Life Service LLS

RETROFIT

We can also offer retrofit solutions or full modernisation programmes, which includes the replacement of old control and drive components with current Rexroth products.

- ▶ Software adaptation, up to an upgrade to Industry 4.0
- ▶ Increased productivity
- ▶ Commissioning on site included test run

FAILURE RATE ACCORDING TO LIFETIME (BATHTUB CURVE)
